

Dave Friedman is the man behind some of the most impressive tones in rock 'n' roll, and has been for over 25 years. Throughout that time, luminary players such as Jerry Cantrell and Steve Stevens have been relying on Friedman's amplifier modifications, repairs, and builds to keep them sounding at the top of their game. With that expertise in tow, Friedman moved into crafting his own line of top-shelf electric guitar amplifiers, instruments, and effects, and in doing so has built one of the most enviable rosters of artists out there. Whether discussing the plexi-on-steroids tone of the BE-100, the pedal-platform versatility of the Buxom Beauty, or the fire-breathing Bill Kelliher signature Butterslax head, Friedman amps are undoubtedly taking over as the premier rock 'n' roll electric guitar amplifiers.

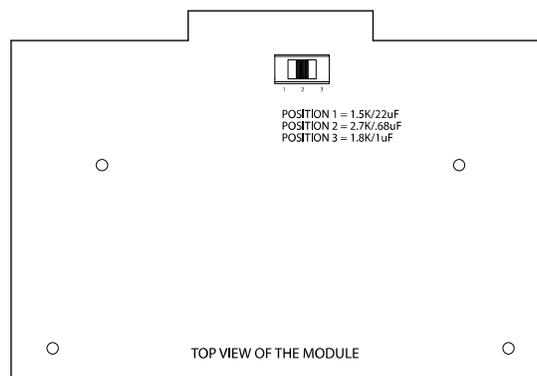

Few modern amplifiers carry the intrigue of Friedman's flagship BE-100. Born from the expertise Friedman gained modding and maintaining some of the greatest British-style tube amps out there, the BE-100 combines the best elements of each with a healthy dose of Friedman's own design ingenuity to create, what many players feel is, the quintessential plexi-style amplifier available today. The amp's ability to dish out thick waves of overdriven power while simultaneously keeping the nuanced character of your individual style have made it the go-to amp for players and bands, such as Dave Weiner (Steve Vai) and the Foo Fighters. When players talk about Friedman amps, the BE-100 is always at the top of the list.

Thanks to the Synergy Friedman BE preamp module, the exact tone and feel that makes the BE-100 a legendary amplifier can be at your fingertips. Far from modeling or emulating, Dave Friedman himself designed this module, nailing every detail of his amp's to-die-for tone and impressive touch sensitivity. By utilizing a pair of 12AX7 preamp tubes to power its two similarly voiced channels, whether you're switching between a high-gain rhythm tone and a boosted lead sound or a gritty rock 'n' roll crunch and a more aggressive distortion, the amp's tone will always be present, aggressive, and hopelessly addictive. If you want to give your Synergy rig cream-of-the-crop British roar, you'll want to grab a BE preamp module.

The Synergy BE pre-amp module features two channels. Each channel has a gain and volume knob with a shared three band EQ.

CATHODE SELECT SWITCH:

This three position switch allows you to configure the input tube bass response to match the original circuit of the selected module. This will affect the feel and tightness. Each amp designer has a specific combination of components that makes up their input tube circuit. We have selected the three most popular combinations which you can access with this switch. For example, Friedman modules use position 2. The USA voiced modules typically use setting 1. The Soldano SLO uses position 3. Of course, you can experiment and try any of the positions to see what you prefer. The modules will come preset to the designers preferred setting which for the BE module is position 2 (2.7K resistor and .68uF capacitor).

SYNERGY LIMITED THREE YEAR WARRANTY

Thank you for choosing SYNERGY. We takes great pride in an extremely thorough testing procedure which is implemented on each product prior to shipment. In the unlikely event that you have a problem with your module, please refer to warranty below. SYNERGY stands behind our products like no other and we're here to help you!

A dated sales receipt will establish coverage under this warranty, PLEASE KEEP YOUR PROOF OF PURCHASE TO USE YOUR WARRANTY. This warranty does not cover service or parts to repair damage caused by accident, neglect, abuse, normal & wear, disaster, misuse, abuse, over-powering, negligence, inadequate packing or shipping procedures and service, repair or any modifications to the product which have not been authorized or approved by SYNERGY in writing. **ANY MODIFICATION TO THE AMPLIFIER WILL VOID YOUR WARRANTY.** If this product is defective in materials or workmanship as warranted above, your sole remedy shall be repair or replacement by SYNERGY as provided below.

CAUTION: Do NOT attempt to repair, modify or service your module by yourself!!! Please read the instruction manual for all safety notifications, warnings and instructions. SYNERGY modules, have extremely high voltages that can cause serious injury or death. All repair and service work must be performed by SYNERGY or an authorized service center of SYNERGY. ANY UNAUTHORIZED REPAIRS WILL VOID YOUR WARRANTY.

TUBES: SYNERGY warrants the original purchaser that the specific tubes used in SYNERGY will be free from defects in material and workmanship for a period of 90 days from the original date of purchase. A dated sales receipt will establish coverage under this warranty. This tube warranty will automatically terminate 90 days after the original retail sales date. This tube warranty is in lieu of all other expressed warranties. If tubes fail within the 90 day warranty period your sole remedy shall be replacement of tubes as provided below.

RETURN PROCEDURES: In the unlikely event that a defect occurs please email support@SynergyAmps.com. A member of our staff will email you a response in a timely manner. Please include your phone number in case our customer service department needs to reach you. In most cases we can help you diagnose the problem over the phone. If a product must be sent to us, please follow the procedure outlined below.

- Defective products must be shipped, together with proof of purchase, freight pre-paid and insured to the Authorized SYNERGY Service Center or directly to SYNERGY.
- If a product must be returned to SYNERGY for warranty replacement/repair, a Return Authorization Number must be obtained from our Customer Service Department prior to shipping the product.
- Please contact SYNERGY Customer Service Department for the Authorized SYNERGY Service Center nearest you.
- Products must be shipped in their original packaging or its equivalent; in any case, the risk of loss or damage in transit is to be borne by the purchaser.
- Please send to: SYNERGY - 3383 Gage Ave., Huntington Park, CA 90255
- The Return Authorization Number must appear in large print directly below the shipping address.
- Always include a brief description of the defect, along with your correct return address and telephone number.
- When emailing to inquire about a returned product, always refer to the Return Authorization Number.

If SYNERGY determines that the unit was defective in materials or workmanship at any time during the warranty period, SYNERGY has the option of repairing or replacing the product at no additional charge, except as set forth below.

- All replaced parts become a property of SYNERGY. Products replaced or repaired under this warranty will be returned via ground shipping within the United States or Canada - freight prepaid.
- SYNERGY is not responsible for costs associated with expedited shipping, either to SYNERGY or the return of the product to the customer.

All warranty repairs outside the United States must be directed to the dealer or distributor from which you purchased the product.

INCIDENTAL OR CONSEQUENTIAL DAMAGE: In no event will SYNERGY be liable for any incidental or consequential damages arising out of the use or inability to use of any SYNERGY product, even if a SYNERGY dealer has been advised of the possibility of such damages, or any other claim by any other party. Some states do not allow the exclusion or limitation of consequential damages, so the above limitation and exclusion may not apply to you. This warranty gives you specific legal rights and you may also have other rights which may vary from state to state.

FOR YOUR PROTECTION: Please complete the included warranty card within (10) ten days of the date of purchase so that we may contact you directly in the event a safety notification issued in accordance with the 1972 Consumer Product Safety Act.

CUSTOMER SUPPORT: Our dedicated and friendly staff is ready to help you with any warranty or product questions you may have. Please email us at Support@SynergyAmps.com. Thank you again for choosing SYNERGY.
