

BRITISH FLAVORED PREAMP MODULE

Some amplifier designs are recognized as much by their sound as by their unmistakable color. The Synergy RD module captures two of the most fruitful British high-gain voices ever created, delivering everything from muscular rock crunch to thick, saturated modern gain- all within Synergy's modular preamp platform.

Designed for Synergy's all-tube modular preamp system, the RD features two completely independent channels, each capable of delivering two distinct British gain personalities. Whether you're chasing articulate hard rock rhythm tones, crushing modern metal, or soaring lead sounds, the RD delivers the unmistakable grind, punch, and harmonic richness that have made these circuits favorites on stages and in studios around the world.

Like every Synergy module, the RD is engineered to capture not only the tone, but the feel, touch sensitivity, and responsiveness that inspire players every time they plug in.

ROCK AND DARK BRITISH VOICES

The RD module features two identical, fully independent channels, each capable of delivering two distinct British gain personalities – ROCK and DARK. In **ROCK** mode, the RD delivers the unmistakable voice of a modern British rock amplifier — tight, aggressive, and remarkably articulate. From thick classic rock crunch to singing lead tones, it offers exceptional note definition while retaining the bold midrange punch and authority that have made this style of amplifier a modern favorite. Flip the switch to **DARK** and the RD transforms into an entirely different beast. The gain structure becomes thicker, darker, and more saturated, with a heavier low end and a more compressed feel that's equally at home delivering crushing rhythm tones, doom-inspired textures, and fluid, sustaining lead tones.

Each channel features a three-position Bright switch, allowing you to fine-tune the high-frequency response. Whether you need extra bite, a smoother response, or something in between, the Bright switch makes dialing in the perfect top end quick and intuitive.

Independent Gain, Bass, Middle, Treble, and Volume controls on both channels provide complete tonal flexibility. Because each channel is completely independent, the RD can function like two amplifiers in one. Dial in complementary rhythm and lead sounds, create vintage and modern variations of the same voice, or build entirely different gain structures that are instantly available at the touch of a switch.

CATHODE SELECT FUNCTION

The RD module features a three-position switch on the PCB, which allows you to configure the input tube bass response to match the original circuit of the selected module. These settings affect the feel and tightness. Each amp designer has a specific combination of components that make up their input tube circuit. We have selected the three most popular combinations which you can access with this switch: position 1 (1.5K resistor and 22uF capacitor), position 2 (2.7K resistor and .68uF capacitor) and position 3 (1.8K resistor and 1uF capacitor). Of course, you can experiment and try any position to see which you prefer. The RD module is preset to the center position (2.7K resistor and .68uF capacitor). Synergy hardware and interchangeable preamps are protected under US patent.

SYNERGY LIMITED THREE-YEAR WARRANTY

Thank you for choosing SYNERGY. We take great pride in an extremely thorough testing procedure which is implemented on each product prior to shipment. In the unlikely event that you have a problem with your module, please refer to the warranty below. SYNERGY stands behind our products like no other and we're here to help you!

SYNERGY offers a limited Three (3) Year warranty to the original purchaser that this SYNERGY module will be free from defects in material and workmanship. A dated sales receipt will establish coverage under this warranty, PLEASE KEEP YOUR PROOF OF PURCHASE TO USE YOUR WARRANTY. This warranty does not cover service or parts to repair damage caused by accident, neglect, abuse, normal & wear, disaster, misuse, abuse, over-powering, negligence, inadequate packing or shipping procedures and service, repair or any modifications to the product which have not been authorized or approved by SYNERGY in writing. **ANY MODIFICATION TO THE MODULE WILL VOID YOUR WARRANTY.** If this product is defective in materials or workmanship as warranted above, your sole remedy shall be repair or replacement by SYNERGY as provided below.

CAUTION: Do NOT attempt to repair, modify or service your module by yourself!!! Please read your amp/preamp's instruction manual for all safety notifications, warnings and instructions. SYNERGY modules, have extremely high voltages that can cause serious injury or death. All repair and service work must be performed by SYNERGY or an authorized service center of SYNERGY. ANY UNAUTHORIZED REPAIRS WILL VOID YOUR WARRANTY. ALWAYS TURN OFF YOUR AMPLIFIER/PREAMP WHEN CHANGING A MODULE. CHANGING A MODULE WHILE THE AMP/PREAMP IS ON CAN DAMAGE YOUR AMPLIFIER OR PREAMP MODULE!

WARNING: DANGEROUS VOLTAGE PRESENT

Synergy modular products must never be operated without modules installed in all slots or without covering the unused slots. Slots without modules must be covered with a blank cover panel, available from Synergy Amps. Never place your hand or any other object inside an open module slot for any reason! If a foreign object accidentally falls inside an open slot, immediately turn the main power off and UNPLUG THE AC POWER CORD. Tip the unit forward to get the object to fall forward and out of the slot. Do not stick your fingers into the slot to reach in. If the foreign object has fallen inside and you cannot see the object, do not stick your hand into the slot to search for it. Take the unit to a qualified service technician to safely remove it. Failure to heed the above warnings can result in personal injury or death. We want you to enjoy your Synergy Modular gear and not get hurt by failing to adhere to the warnings.

TUBES: SYNERGY warrants the original purchaser that the specific tubes used in SYNERGY will be free from defects in material and workmanship for a period of 90 days from the original date of purchase. A dated sales receipt will establish coverage under this warranty. This tube warranty will automatically terminate 90 days after the original retail sales date. This tube warranty is in lieu of all other expressed warranties. If the tubes fail within the 90-day warranty period, your sole remedy shall be replacement of tubes as provided below.

RETURN PROCEDURES: In the unlikely event that a defect occurs please email support@SynergyAmps.com. A member of our staff will email you a response in a timely manner. Please include your phone number in case our customer service department needs to reach you. In most cases we can help you diagnose the problem over the phone. If a product must be sent to us, please follow the procedure outlined below.

- Defective products must be shipped, together with proof of purchase, freight pre-paid and insured to the Authorized SYNERGY Service Center or directly to SYNERGY.
- If a product must be returned to SYNERGY for warranty replacement/repair, a Return Authorization Number must be obtained from our Customer Service Department prior to shipping the product.
- Please contact SYNERGY Customer Service Department for the Authorized SYNERGY Service Center nearest you.
- Products must be shipped in their original packaging or its equivalent; in any case, the risk of loss or damage in transit is to be borne by the purchaser.
- Please send to: SYNERGY - 5300 Harbor Street, Commerce, CA 90040
- The Return Authorization Number must appear in large print directly below the shipping address.
- Always include a brief description of the defect, along with your correct return address and telephone number.
- When emailing to inquire about a returned product, always refer to the Return Authorization Number.

If SYNERGY determines that the unit was defective in materials or workmanship at any time during the warranty period, SYNERGY has the option of repairing or replacing the product at no additional charge, except as set forth below.

- All replaced parts become a property of SYNERGY. Products replaced or repaired under this warranty will be returned via ground shipping within the United States or Canada - freight prepaid.
- SYNERGY is not responsible for costs associated with expedited shipping, either to SYNERGY or the return of the product to the customer.

All warranty repairs outside the United States must be directed to the dealer or distributor from which you purchased the product.

INCIDENTAL OR CONSEQUENTIAL DAMAGE: In no event will SYNERGY be liable for any incidental or consequential damages arising out of the use or inability to use of any SYNERGY product, even if a SYNERGY dealer has been advised of the possibility of such damages, or any other claim by any other party. Some states do not allow the exclusion or limitation of consequential damages, so the above limitation and exclusion may not apply to you. This warranty gives you specific legal rights and you may also have other rights which may vary from state to state.

FOR YOUR PROTECTION: Please complete the included warranty card within (10) ten days of the date of purchase so that we may contact you directly in the event of a safety notification issued in accordance with the 1972 Consumer Product Safety Act.

CUSTOMER SUPPORT: Our dedicated and friendly staff is ready to help you with any warranty or product questions you may have. Please email us at Support@BoutiqueAmpsDistribution.com Thank you again for choosing SYNERGY. Synergy hardware and interchangeable preamps are protected under US patent.
